

MCSA Bulletin 20100510

We would like to welcome the two new teams; My DoDo and Total Evolution in joining the MCSA 2010 Summer Soccer League, we wish both teams to enjoy the fun of soccer throughout this summer plus promoting the competitiveness and sportsmanship within our league.

We like to take this opportunity to reiterate our player registration system. Cherry Liu is our Primary Player Registration Coordinator. All player registration information spreadsheet, photo must be submitted to her before the deadline, if there is any change and amendment after your submission, it must also only channel through her.

Cherry is responsible for consolidate all the registration information, verify the completeness and pass on for downstream processing, which involve registration to database and game sheet generation. Once the game sheets are generated, Alan Lee will distribute them to all teams.

It is the responsibility of all Team Managers to submit proper, correct and precise information to Cherry **BEFORE** the deadline. **Change / amendment should be made BEFORE the deadline, NOT AFTER.** Any change request after the deadline may not be honored or guaranteed.

MCSA will conduct field audit from time to time to ensure all players on the field are proper registered that there is no violation of non-registered player playing on the field. We are sure that this system provides a fair and level playing ground for all teams and leverage the amount of work through out the entire player registration process.

We wish all teams to have a very successful season and to remind all teams that the deadline of our 2nd round registration is on July 4th 2010.
